MADE IN GERMANY

The **SENSE** makes the difference!

The new *jetStamp*[®]1025 sense can do more than just print!

What makes the difference? With an additional interface, you can connect external devices, record measurements, and print them directly—anywhere, anytime, and without a PC!

This turns the printer into a compact measuring device with an integrated printer—all in one!

Whether you want to print the date, number, time, text, symbol, logo, QR code, or even sequential barcodes (1D & 2D), the *jetStamp*[®] 1025 sense marks your order cleanly and securely in label size 25x85 mm (52x85 mm with accessories) directly on your product.

More flexibility with the right accessories

Made in Germany

Perfect complements:

Barcode scanner.
Optical reading and decoding unit for 1D + 2D barcodes.

V24/R232 Adapter cable.
Transfers measurement data immediately for labeling without a PC.

- Added value of the barcode scanner:
- Reproduce barcodes quickly and easily.
 - Automatic selection of the print image by scanning.
 - Insert variable texts clearly and legibly.

Accessories:
Barcode scanner

Your advantages at a glance:

High process reliability.
Transfer data directly and eliminate input errors.

Real-time measurement recording.
Record data and print it directly at the point of use.

User-friendly.
The display shows exactly what you are printing—clear and straightforward.

Mobile and fast.
100% mobile and maximum print speed of less than 0.9 seconds per print.

Intelligent.
Variable objects are automatically updated in the device.

Versatile.
Whether paper, wood, metal, or plastic—print whatever you need.
